There continues to be a car key burglary series across Hastings & Rother.

Most of the premises targeted have been detached or semi-detached houses with entry via insecure front doors.

However, there have also been offences where offenders have reached through a letterbox and hooked keys/handles to gain entry.

All the offences have occurred during the early hours and when suspects have been seen there has been more than one.

Most of the vehicles stolen have been recovered and there have been three arrests in connection with these crimes.

We would urge everyone to continue to be vigilant..
