### **Details:**

We have recently had a number of Shed Breaks and General Break In's targeting out Buildings inc work tools, most are happening overnight.

We have been doing extra patrols in the local area's to target and tackle this, recently we have had some good results.

On Sunday 12th December a Male was arrested in the early hours in Battle in connection with Shed breaks in the local area. Police initially saw his vehicle in suspicious activity and he initially failed to stop for them. After a short pursuit he was stopped and arrested. He was later charged with driving and theft offences and remanded in custody.

Further to this another Male was arrested in the early hours last week also in connection with Break-in's in Rother. Local Police will continue to carry out proactive rural patrols in the early hours.

In you have any information on rural Break-In's please contact us & quote Operation Bluebird2
